DETAILED ACTION

Allowable Subject Matter

1. Claims 1-22 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails either alone or combine to teach or suggest an addressable advertising system at a local receiver, i.e., a set top box or STB, in receiving a baseband video signal including a swap control signal, and the receiver circuitry includes a local storage can store a plurality of replacement video advertisements, and as soon as the receiver detects the incoming video signal containing the swap control signal and an associated channel identifier from the receiving video signal, the receiver circuitry generates a replacement baseband video signal based on the swap control signal and the associated channel identifier for replacing the baseband video signal, and displaying the selected replacement baseband video signal to the display as cited in claims 1 and 14. None of prior arts teaches this technique of having an ad controlling and ad insertion technique takes place at the receiver device, Allen (US 5,892,535) and others mainly concerns of ad insertion technique at the headend using complicated queues and algorithms for ad breaking and insertion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
